### About NRG

NRG Energy, Inc. (NYSE: NRG), a Fortune 500 company, owns and operates one of the country's largest and most diverse power generation portfolios. NRG's 48 plants provide approximately 24,000 megawatts of generation capacity - enough to power nearly 20 million homes. In November 2007, NRG won two of the industry's highest honors - Platts Industry Leadership and Energy Company of the Year awards.

Headquartered in Princeton, NJ, NRG is a member of the U.S. Climate Action Partnership (USCAP), a group of business and environmental organizations calling for mandatory legislation to reduce greenhouse gas emissions; and a founding member of "3C--Combat Climate Change," a global initiative taking a leadership role in designing the road map to a low carbon society.
