

NRG Home Solar Announces Launch of Operations in Connecticut

July 9, 2014

Connecticut expansion will bring more than 75 new jobs to the region and will enable homeowners to lock-in cheaper energy costs
July 09, 2014 08:00 AM Eastern Daylight Time

MIDDLETOWN, Conn.--(BUSINESS WIRE)--NRG Home Solar, one of the country's leading residential solar companies, today announced that it is expanding its US operations to Connecticut. The company will provide homeowners in the Constitution State with the opportunity to install solar for little to no upfront costs, allowing them to pay less on their electricity bills. As part of the expansion, the company opened its doors to the new Connecticut headquarters in Middletown where it will offer fully integrated solar solutions throughout the state.

"Connecticut is a rapidly increasing market for solar technology where we anticipate fast growth and continued expansion to help homeowners bring their homes into the future with cleaner and cheaper energy," said Kelcy Pegler Jr of NRG Home Solar.

NRG Home Solar, formerly Roof Diagnostics Solar, is the number one solar company in the majority of states in which it operates. The company expects to fill more than 75 new positions in its Connecticut office in a variety of different levels within the first year as it continues to grow in the state. Candidates interested in employment opportunities in Middletown should contact NRG Home Solar at www.nrghomesolar.com.

"We are excited to announce that we will be aggressively expanding our operations in Connecticut with the goal of hiring 75 new team members, who will be instrumental as we grow in this market," added Pegler Jr. "NRG Home Solar allows homeowners and businesses to lease solar panels for little to no upfront costs. By taking advantage of solar PV rooftop technology, they are able to lock in cheaper, long-term energy costs while also reducing their carbon footprint."

Homeowners interested in NRG Home Solar's services can contact the company directly at 1-800-75-SOLAR or visit www.nrghomesolar.com.

About NRG Home Solar

NRG Home Solar, formerly Roof Diagnostics Solar, is one of the country's leading solar companies specializing in the installation of residential solar PV. NRG Home Solar designs, installs and maintains solar systems that help smart homeowners bring their homes into the future with cleaner, cheaper energy. The company is a division of NRG Energy and has offices throughout the US. NRG Energy acquired Roof Diagnostics Solar to support and expand its efforts to empower its customers to control their own energy destiny through clean self-generation.
