(1) Includes the total consideration and accrued and unpaid interest.

(2) Includes approximately \$275 million aggregate principal amount of 2018 Notes tendered as of the Early Tender Deadline and accepted for purchase.

All Notes (other than 2018 Notes) validly tendered and not validly withdrawn pursuant to the Tender Offers at or prior to the "Early Tender Deadline" of 5:00 p.m., New York City time, on May 20, 2016 were subject to proration and settled by NRG on May 25, 2016. As a result of the Tender Offers being oversubscribed at the Early Tender Deadline, no Notes tendered after the Early Tender Deadline were accepted for purchase, with the exception of 2018 Notes tendered after the Early Tender Deadline (subject to the increased tender caps and amended proration methodology regarding the 2018 Notes as set forth in NRG's press release dated May 23, 2016). With respect to the 2018 Notes, approximately \$275 million aggregate principal amount of such notes tendered as of the Early Tender Deadline were accepted for purchase, after proration based on the \$300 million initial tender offer cap for the 2018 Notes (the "Initial 2018 Notes Cap"). The excess amount of 2018 Notes tendered as of the Early Tender Deadline remaining after initial proration plus the aggregate amount of 2018 Notes tendered after the Early Tender Deadline were eligible for acceptance subject to proration based on the difference between the Initial 2018 Notes Cap and the increased tender offer cap for 2018 Notes announced on May 23, 2016, or \$100 million. As a result, NRG has accepted for purchase approximately \$92 million aggregate principal amount of additional 2018 Notes. Notes tendered and not accepted for purchase will be promptly returned or credited to the applicable holders account.

Holders of 2018 Notes who tendered such notes after the Early Tender Deadline will not receive the early participation amount of \$30.00 per \$1,000 principal amount of the Notes (the "Early Participation Amount").

This press release is for informational purposes only and is not an offer to buy, nor the solicitation of an offer to sell any of the Notes. The Tender Offers were made solely by NRG's Offer to Purchase, as amended by NRG's press release dated May 23, 2016 increasing the tender offer cap for the 2018 Notes and the maximum tender offer cap and amending the proration methodology for the 2018 Notes.
