Item 8.01 Other Events.

On November 11, 2008, NRG Energy, Inc. ("NRG") issued a press release confirming receipt of two letters from Exelon Corporation. The press release announcing the response, including the full text of one of Exelon's letters, is attached as Exhibit 99.1 to this Current Report and is incorporated herein by reference.

On November 11, 2008, Exelon Corporation and its wholly-owned subsidiary, Exelon Xchange Corporation (together, "Exelon"), filed a complaint in the Court of Chancery of the State of Delaware against NRG and its board of directors (the "NRG Board"). The complaint alleges, among other things, that the NRG Board has failed to give due consideration and take appropriate action in response to the acquisition proposal announced by Exelon on October 19, 2008, in which Exelon offers to acquire all of the outstanding shares of NRG common stock at an exchange ratio of 0.485 Exelon shares for each share of NRG common stock. The complaint seeks declaratory and injunctive relief, among other things, (1) declaring that the NRG Board has breached its fiduciary duties to the NRG stockholders by rejecting and refusing to consider Exelon's acquisition proposal and by failing to exempt the proposed transaction from application of Section 203 of the Delaware General Corporation Law (the "DGCL"), (2) compelling the NRG Board to approve Exelon's acquisition proposal for purposes of Section 203 of the DGCL, (3) declaring that the adoption of any measure that would have the effect of impeding or interfering with Exelon's acquisition proposal constitutes a breach of the NRG Board's fiduciary duties, and (4) enjoining the defendants from adopting any measures that would have the effect of impeding or interfering with Exelon's acquisition proposal. Based on the facts known to date and the allegations in the complaint, we believe that the claims asserted in the complaint are without merit and we intend to vigorously defend against it.

November 10, 2008

Mr. Drew Murphy
Executive Vice President and General Counsel
NRG Energy, Inc.
211 Carnegie Center
Princeton, NJ 08540

Dear Mr. Murphy:

I am Senior Vice President and Deputy General Counsel of Exelon Corporation ("Exelon"). Exelon or its direct wholly-owned subsidiary, Exelon Xchange Corporation, intends to present a proposal at your 2009 Annual Meeting of Stockholders of NRG Energy, Inc. ("NRG") scheduled for May 14, 2009 (the "2009 Meeting") to expand the size of the NRG Board of Directors (the "NRG Board") such that the directors to be elected at that meeting will constitute not less than 50% of the NRG Board. Furthermore, Exelon or Exelon Xchange Corporation intends to nominate directors to fill the newly created directorships. Exelon intends to immediately commence a process of identifying candidates to serve as its nominees at the 2009 Meeting and requests confirmation that NRG agrees that Article Seven of NRG's Amended and Restated Certificate of Incorporation (the "Charter") allows for the proposed expansion of the NRG Board by action of the common stockholders as well as the filling by the NRG common stockholders of any newly created director positions.

We note that the restated Charter filed on December 5, 2003 included a new Article Seven, which specifically reserved in the common stockholders of NRG the power to enlarge the NRG Board and to appoint directors to fill newly created directorships:

... the number of directors ... may be enlarged only with the approval of the holders of at least a majority of the shares of Common Stock then outstanding ... Newly created directorships resulting from an increase in the size of the Board of Directors shall be filled by the vote of the stockholders.

The Charter was not subsequently amended until May 24, 2005, at which time it was amended and restated in its current form. Among the amendments to the Charter on that date, Article Seven was revised to read as follows:

[T]he number of directors which shall constitute the Board of Directors shall initially be established at eleven and, thereafter, may be enlarged to up to fifteen by the affirmative vote of a majority of the total number of directors then in office or may otherwise be enlarged with the approval of the holders of at least a majority of the shares of Common Stock then outstanding, and may be reduced by resolution adopted by the affirmative vote of a majority of the total number of Directors then in office. Newly created directorships resulting from an increase in the size of the Board of Directors may be filled by the affirmative vote of a majority of the total number of Directors then in office or by vote of the stockholders.

The purpose of and rationale for this amendment were described in a proxy statement filed by NRG with the Securities and Exchange Commission on April 12, 2005, in which NRG proposed the May 24, 2005 Charter amendments (the "Proxy"). The Proxy did not mention eliminating or limiting any stockholder rights or authority. In relevant part, the Proxy explained:

The Board believes that it is in the best interest of the Company and our stockholders that the Board have the authority to enlarge the Board up to 15 directors and to fill newly created directorships. Therefore, the Board recommends that our stockholders approve a proposal to amend Article Seven...

The principal purpose of the proposed amendment ... is to provide our Board with more flexibility to add selected talents and skills from time to time. The proposed amendment will allow the Board to increase its size and add directors with diverse backgrounds and experiences while at the same time ensuring continuity on the Board. Also, the amendment would enable the Board to increase the number of independent directors and their numbers on Board committees in a manner that would potentially permit greater diversity on committees and a greater ability to cover unplanned vacancies.

The Board recommends a vote "FOR" the amendment to Article Seven ... giving the Board of Directors authority to enlarge the size of the Board of Directors to up to 15 directors and to fill newly created directorships.

The Proxy made clear that the purpose and effect of the May 24, 2005 amendment to Article Seven was not to limit or eliminate any stockholder right or authority relating to setting the total number of directors. Indeed, the amendment did not change any language regarding stockholder authority except insofar as to make stockholder rights nonexclusive.

If we do not receive your written confirmation by close of business on November 18, 2008, we will assume NRG does intend to contest Exelon's right to take such action and that a dispute exists between the parties as to this issue.

Sincerely yours,

/s/ Bruce G. Wilson
